

Hello Seventh Grade Families,

I am honored to be your child's seventh grade math teacher this year and am excited about everything we are going to accomplish. This is my 2nd school year of going by my new name of Mrs. Bench! I was formerly Ms. Hipple. 😊

In seventh grade we will be working on equations, probability, algebra readiness, and lots of other exciting concepts! We will be working with hands-on materials, creating interactive notes, and making real-life connections to the concepts that we learn. This is going to be a fun-filled school year with many wonderful experiences, new technology, and opportunities to learn and grow in the days ahead.

Communication is a key component to a strong parent-teacher relationship and I encourage you to come to me with any questions, comments, or suggestions. I am looking forward to a wonderful year with you and your child!

Thank you for your support,

Mrs. Faith Bench
